

Good afternoon Alan and Brenda

I wanted to write to you to let you know that my mother, Marjory Steele, who is a life member of Burnside Bowling Club celebrated her 100th birthday on Sunday. I know that she was a very keen member of Burnside for many years until she moved across town to live near her eldest son (she retired from bowls at the same time). Marjory transferred to Wellington 6 years ago to reside at Malvina Major Retirement Village which is near to where my wife and I live.

I will attach a photo taken of Marjory (along with 2 of her great grand children) at her birthday holding the plaque with her Burnside blazer pocket and all of her championship bars - Burnside, Canterbury and Marlborough (where she initially took up the sport in the early 1960's). Marjory has a room at MMRV which overlooks a bowling green (albeit one that doesn't get much use). Unfortunately she is not able to play but she does enjoy seeing people on the green.

I don't know whether there are still members who would remember Marjory as it must be 16 or so years since she moved away from the Burnside area. If there are any she would be pleased to be remembered to them. If possible would you be able to send her the annual booklet that the Club produces (if you still do that) as the one she has must be over 10 years old. Her mailing address is % 15A Lochiel Road, Khandallah, Wellington 6035.

Thank you
David Steele
