Exciting Developments

We were all excited for Deane Robertson this week when we read about the return of eyesight. It must be amazing to be able to see people and sights after many years of blindness, and most of all, to regain a lot of independence. This is wonderful news for Deane.

Nominations for Executive and Non-Executive roles

The nominations are coming in, and it's good to see willingness to be involved in the running of the club. There are forms in the foyer if you wish to be involved too. We are happy to provide more information if you are interested in any role.

Developing a 'Wish List'

Sometimes while we are at the club, we see things that need to be addressed, perhaps some maintenance work, or we think of ways the club, building or surrounds could be improved.

If you have some of these thoughts, let us know – tell Brenda, or someone on the Executive to add your idea to the list. From the list, we may find a member who can assist with some of the items or we could prioritise for grant applications.

Some things that have been noticed or suggested:

- The paint around the windows at the carpark end of the building is peeling, and needs to be repainted.
- The foyer could do with a repaint/freshen up.
- The appearance and function of the women's toilets would be improved by replacing the toilets, cisterns, and new vanity to modernise them, along with a paint job and new vinyl.
- The lighting in the women's locker room could be much improved, along with new paint.
- The development of an attractive outdoor area for barbeques, tables and seating for watching bowls.
- A barrier around the garden by the Greenkeepers area/bbq area to prevent dirt running on to the concrete.

Solar Power Project

This week, the solar panels are being installed above the dining room roof with batteries placed in the kitchen to store energy for later. The project has been funded by a grant of \$20,000 from Kiwi Gaming Foundation, and with the club putting \$20,000 in to complete the project. The objective is to reduce our substantial power bills.

A Fours game is stopped after the 11th end. It cannot be resumed until three days later.

- a) Are trial ends permitted?
- b) Where should the mat be placed?
- c) Which team delivers the jack?

Answer

- a) Yes – one in each direction.
- b) Where decided by the team which won the 11th end.
- c) The team which won the 11th end.

NB – the score continues as at 11 ends. The game IS NOT re-started.

Question (XCIII)

A coach arrives after a game has started. Is he/she able to advise players?

Sixes Tournament

Our annual Sixes Tournament was held last weekend with a good number of players from other clubs in attendance. We had **16 teams play** following the withdrawal of two teams during the week prior. Withdrawals were not unexpected due to Covid.

Each team played **three games of fours and pairs**, and **two games of triples** per day. The teams also nominated members to play in a **corner to corner, driving competition and long range drawing competition**. These events were hotly contested with the winners receiving **\$50.00** bar vouchers. All three events were played on the Davie Green with the adjacent bar proving very popular with spectators.

We have received compliments from a good number of players about the tournament. This directly reflects the work carried out by the **many volunteers** involved throughout the weekend and in the days prior. Their time and commitment is much appreciated.

Congratulations to **Kevin Gore** and his team on winning the tournament. They only lost three of the 16 games played. There were a number of close results which added some intensity at times. Overall results along with photographs are available for viewing on the club website.

The club is grateful for the tournament sponsorship provided by **Kevin Hickman Retirement Village** and **John Phillips** from **Harcourts Grenadier** Avonhead.

Whilst the dates are yet to be finalised for the 2023 tournament we can report that we have four team entries pencilled in!!
