Results from Finals Weekend (Photos over page)

	Men's Three Four Pennants Burnside beat Halswell on aggregate to take out the title.
	Women's Fours Tayla Bruce (s), Emily Miller, Ang Mitchell and Tracy Wilkinson won the fours over Donelda Scott (Christchurch)
	Men's Fours Richard Hocking (s), Barry Williams, Matt Small and Mike Small won the Fours in a very close game against Elmwood (all tied up heading into the last end!)
	Women's Triples Tracy Wilkinson (s), Ang Mitchell and Jude Main won this title. A perfect trail by Tracey on the last end changed the head from three down to at least three up.
	Men's Singles Matt Small (still a Junior!) won his semi final and played a very good final to be runner up.
	Men's Pairs Richard Hocking (s) and Barry Williams went into the last end against Rangiora 13-13 and it came down to the very last bowl.
	Men's Triples Richard Hocking (s), Mike Small and Barry Williams just couldn't contain Gary Lawson's team from Elmwood Park.
	Women's Singles Tayla Bruce got away to a brilliant start but Donelda Scott caught up to 20 – 20 . The final end didn't go Tayla's way.
	Mixed Pairs Because Richard Hocking played in every single game there was no time for him and Tayla to play the final. We await.
	Women's Year 1 and 2 Singles Beth Mehaffey had to default her semi final on Saturday because she was isolating. So sorry Beth!

Blind Sport New Zealand Volunteer of the Year

We have all seen **Kevin Smith** on the greens with Deanne Robertson and are thrilled to see him honoured with this award.

Here is a small excerpt from Blind Sport's citation <https://www.blindsport.kiwi/award-winner>

*As those within the blind lawn bowls community know, **Kevin wears many hats**. This includes providing **coaching** to new players, **training** alongside blind and low vision bowlers up to four times a week in the lead up to competitions, **supporting** local competitions, **providing transport** alongside his unofficial title of '**Camp Mother**' at national tournament.*

*Kevin provides a **huge number of volunteer hours** committed to blind lawn bowls. He will go above and beyond to support athletes while juggling his own work and family commitments with an attitude of "nothing is ever a problem".*

Congratulations Kevin

Jack Forbes Trophy

On Saturday **66 players** played four games of **drawn two bowl triples** for the **Jack Forbes Trophy**.

As always the event was wonderfully organised by **Ken Wilson-Pyne** who had to cope with last minute **withdrawals** due to Covid and **accidents**.

(**Lynda Burr's** car was swiped by an inattentive driver on the way to the club, and Brenda Turner (after helping Lynda out) took her place – to win the trophy! Bad luck Linda.)

Only the one team achieved **four wins**. Six other teams achieved three victories. So close but so far!

The day was capped off with a **Happy Hour** to thank all our volunteers and to celebrate the Club's playing success in interclub competitions and Canterbury Finals' Days.

Thanks again to **Philippa** and **Jan** for the afternoon tea and happy hour savouries.

Top Dog Trophy

Paul McOscar

Mid Weekers Club Day players held an end of season **round robin** competition on Friday 29th April. **Twenty four** mid-weekers were drawn into **8 mixed triple teams** based on seeding.

The event involved **7 games**, with two bowls per player, with each team playing all teams entered. After 4 games a break occurred for afternoon tea with the final 3 games played on a glorious sunny autumn day.

The response from players was that it was a fun, relaxed afternoon with spirited competition, not to mention the odd sledging.

The President (a participant) presented the “**Top Dog Trophy**” at the conclusion and each player received a prize. The organisers **Ray Sefton** and **Paul McOscar** acknowledge the help of **AJ** for his draw skills and back ground assistance, and also **Lloyd Ewan** for format advice.

It was agreed after the competition that it should become an **annual event**.

Bar Changes

During **May and June**, there will be some **programming changes** to the **till** in the upstairs bar. These changes are to meet the club's needs for better recording of sales (including corporate) while also aiming to keep it as **user friendly** as possible for club members.

This project has been left to the **off season** so that members have time to **adjust** to the changes. Once the changes are complete, **training will be offered** to those wanting it.

While every attempt will be made to make sure the process on the till **remains easy** and logical, some issues may only become apparent with use. We know everyone hates change but please bear with us during this period.

Hamish Wilson will be heading this project and any feedback (good or bad) can be forwarded to him for consideration. Hamish.wilson@hotmail.co.nz

Law'n Order

Grooving Orchard Green

The Hotline asked **Jamey Ferris** what these guys were up to.

On Monday 25th, Jamey and a team of helpers, including **Stu Daley**, a Canterbury greenkeeper since the late eighties, set about **grooving Orchard Green**. The week before the same team **cored the green** removing **small plugs** from the green to **50mm** depth aerating the surface and alleviating compaction.

The coring process is followed by **grooving** or **scarifying** in which vertical blades cut through the green **removing thatch** (decaying organic matter). Thatch build up is the enemy for greenkeepers as that's where a lot of **weed, insect and turf disease problems** occur and, if left to build up, can cause a soft spongy surface.

Both jobs were a **complete success**. A **big shout out** to all the helpers who did such a good job that they are awarded the chance to **do it all again** for the other two greens after closing day. 😊

Umpire's Corner

Question (XCV)

What should happen if a bowl in its original course strikes the foot of a player from its own team?

Answer. The opposing skip should declare the bowl dead and replace any part of the head that has been disturbed AFTER the displacement. (Laws 37.1.1.1, 37.1.1.2)
(Any displacement BEFORE striking the foot is valid and is NOT replaced)

Question (XCVI)

As the result of a drive shot played on rink 2, the jack comes to rest on rink 2 but very close to the boundary between rinks 2 and 3. A bowl delivered on rink 3, travelling in its original course and on a correct bias, looks as though it is going to come into contact with the jack. Can a player lift the jack to allow the bowl to pass?
